The screenshot displays the 'Enterprise Solutions' interface. On the left is a sidebar with the following menu items: Dashboard, Assets For Verification, Telemarketer Request, Telemarketer, Header, Calling Line Identity, and Consent Template. The main content area is titled 'Assets For Verification' and contains four tabs: 'Unverified Headers', 'Unverified Suspended Headers', 'Unverified Templates', and 'Unverified Suspended Templates'. A red circle with the number '4' is positioned above the 'Unverified Suspended Headers' tab, which is also enclosed in a red rectangular box. Below the tabs, there is a text box containing the message: 'As per TRAI's new directions dated 16th Feb'2023, please verify all your Headers registered on our DLT platform at the earliest. To download TRAI guidelines, please click on [Link of TRAI directions](#)'. Below this message are several buttons: a green 'Verify' button, a button with a left-pointing arrow and the text 'Click here to verify the header', a 'Download File' button, and an 'Upload File' button. To the right of these buttons is a search bar with the placeholder text 'Search by Header Name' and a magnifying glass icon, and a 'Show Records' dropdown menu currently set to '25'. At the bottom of the interface is a table with the following columns: Sl. No., Header Name, Header Type, Header ID, Last Updated Date & Time, and Action.
